AP Achiever (Advanced Placement\* Exam Preparation Guide) for European History (College Test Prep) Chris Freiler 2008-01-22 Designed to help Advanced Placement students succeed in their studies and achieve a 5 on the AP Exam, AP Achiever for European History provides: A thorough explanation of course expectations, exam parameters, preparation suggestions, as well as comprehensive tips on writing essays for the document-based and free-response section of the Exam, all to help your students maximize studies and time. Each chapter includes a thorough content review and "Heads Up!" and "Sidebar" sections designed to connect important topics, clarify common misunderstandings, or add important information to assist in preparation for the exam. This book covers standard political, diplomatic, economic, and intellectual trends, but also makes a special effort to incorporate essential social and cultural history that is increasingly emphasized on the exam. Multiple-choice, document-based questions and free-response questions with detailed answers are included for each chapter. Two complete timed practice exams with detailed answers and sample essays help students gear up for your final test day. AP Achiever for European History may be used independently or in conjunction with any European History text. For the most benefit use in conjunction with McGraw-Hill's leading text, History of the Modern World, 10th Edition, by Palmer.

An Education in 'Evil' Cathryn van Kessel 2019-04-15 This book asserts that engaging with divergent understandings about the nature of evil and how it functions can help those interested in education think through issues in curriculum, pedagogy, and beyond. The author provokes thinking about and through the concept of evil in the spirit of thoughtful education (as opposed to thoughtless schooling) toward how we might live together in less harmful ways. Although thinking about evil can be uncomfortable and troubling, such inquiries help us explore what sort of relations we want to have with others. Analyzing our role in evil as humans, as well as our responsibilities to counter the processes of evil present in our everyday lives, opens up a potential to foster radical thought in and out of the classroom.

History Robert Blackey 2011-02-01 This book includes 14 essays written by the author that provide practical advice for teachers and students to assist both in achieving the best results for teaching, learning, and writing about history. Part 1 offers suggestions for enlivening classroom presentations. Part 2 addresses the problems of teaching students to write, and part 2 focuses on history tests and exams, including ways to construct and respond to essay questions.

The Wiley International Handbook of History Teaching and Learning Scott Alan Metzger 2018-04-10 A comprehensive review of the research literature on history education with contributions from international experts The Wiley International Handbook of History Teaching and Learning draws on contributions from an international panel of experts. Their writings explore the growth the field has experienced in the past three decades and offer observations on challenges and opportunities for the future. The contributors represent a wide range of pioneering, established, and promising new scholars with diverse perspectives on history education. Comprehensive in scope, the contributions cover major themes and issues in history education including: policy, research, and societal contexts; conceptual constructs of history education; ideologies, identities, and group experiences in history education; practices and learning; historical literacies: texts, media, and social spaces; and consensus and dissent. This vital resource: Contains original writings by more than 40 scholars from seven countries Identifies major themes and issues shaping history education today Highlights history education as a distinct field of scholarly inquiry and academic practice Presents an authoritative survey of where the field has been and offers a view of what the future may hold Written for scholars and students of education as well as history teachers with an interest in the current issues in their field, The Wiley International Handbook of History Teaching and Learning is a comprehensive handbook that explores the increasingly global field of history education as it has evolved to the present day.

The Eagle and the Dragon Serge Gruzinski 2014-12-23 In this important new book the renowned historian Serge Gruzinski returns to two episodes in the sixteenth century which mark a decisive stage in global history and show how China and Mexico experienced the expansion of Europe. In the early 1520s, Magellan set sail for Asia by the Western route, Cortes seized Mexico and some Portuguese based in Malacca dreamed of colonizing China. The Aztec Eagle was destroyed but the Chinese Dragon held strong and repelled the invaders - after first seizing their cannon. For the first time, people from three continents encountered one other, confronted one other and their lives became entangled. These events were of great interest to contemporaries and many people at the time grasped the magnitude of what was going on around them. The Iberians succeeded in America and failed in China. The New World became inseparable from the Europeans who were to conquer it, while the Celestial Empire became, for a long time to come, an unattainable goal. Gruzinski explores this encounter between civilizations that were different from one another but that already fascinated contemporaries, and he shows that our world today bears the mark of this distant age. For it was in the sixteenth century that human history began to be played out on a global stage. It was then that connections between different parts of the world began to accelerate, not only between Europe and the Americas but also between Europe and China. This is what is revealed by a global history of the sixteenth century, conceived as another way of reading the Renaissance, less Eurocentric and more in tune with our age.

A History of Western Society Since 1300 Merry E. Wiesner-Hanks 2019-10-15 Praised by instructors and students alike for its readability and attention to everyday life, the thirteenth edition of A History of Western Society includes a greater variety of tools to engage today's students and save instructors time. This edition features an enhanced primary source program, a question-driven narrative, five chapters devoted to the lives of ordinary people that make the past real and relevant, and the best and latest scholarship throughout. Available for free when packaged with the print book, the popular digital assignment options for this text bring skill building and assessment to a highly effective level. The active learning options come in LaunchPad , which combines an accessible e-book with LearningCurve, an adaptive and automatically graded learning tool that--when assigned--helps ensure students read the book; the complete companion reader with quizzes on each source; and many other study and assessment tools. For instructors who want the easiest and most affordable way to ensure students come to class prepared, Achieve Read & Practice pairs LearningCurve adaptive quizzing and our mobile, accessible Value Edition e-book, in one easy-to-use product.

Orientalism Edward W Said 2016-10-25 □A stimulating, elegant yet pugnacious essay□□Observer In this highly acclaimed seminal work, Edward Said surveys the history and nature of Western attitudes towards the East, considering Orientalism as a powerful European ideological creation□a way for writers, philosophers and colonial administrators to deal with the □otherness□ of Eastern culture, customs and beliefs. He traces this view through the writings of Homer, Nerval and Flaubert, Disraeli and Kipling, whose imaginative depictions have greatly contributed to the West□s romantic and exotic picture of the Orient. In the Afterword, Said examines the effect of continuing Western imperialism.
