Six Thinking Hats Edward De Bono 2009-11-05 The classic work about meetings and decision-making. Meetings are a crucial part of all our lives, but too often they go nowhere and waste valuable time. In *Six Thinking Hats*, Edward de Bono shows how meetings can be transformed to produce quick, decisive results every time. The Six Hats method is a devastatingly simple technique based on the brain's different modes of thinking. The intelligence, experience and information of everyone is harnessed to reach the right conclusions quickly. These principles have been adopted by businesses and governments around the world, ending conflict and confusion in favour of harmony and productivity. The Six Hats strategy will fundamentally change the way you work and interact. 'An inspiring man with brilliant ideas. De Bono never ceases to amaze with his clarity of thought.' Sir Richard Branson

Teaching Systematic Synthetic Phonics in Primary Schools Wendy Jolliffe 2019-01-16 The government prioritizes systematic synthetic phonics as a key strategy in the teaching of reading and this is your guide to teaching systematic synthetic phonics in primary schools. This text supports trainee teachers working towards primary QTS through the exploration of a range of aspects of phonics teaching. It gives a balance of research and practice and allows trainees to develop and in-depth understanding of what works in phonics teaching, and why. It begins with the subject knowledge that underpins effective teaching - key aspects of the alphabetic code from discriminating sounds and phonemes to teaching long vowel phonemes and their different spellings and pronunciations. It goes on to explore pedagogy from the early years to Key Stage2 giving guidance on, among others, systematic progression, intervention and multi-sensory and interactive methods. The title includes a review of different popular phonics programmes, set against the DfE (2011) criteria for high-quality phonics teaching. What's new to this edition? Audit and test sections at the end of every chapter so students can test themselves and see how much progress they've made A new chapter reviewing the use of technology to support the teaching of phonics.

Study and Master Geography Grade 10 CAPS Study Guide Helen Collett 2014-10-23

Study and Master Economic and Business Management Grade 7 for CAPS Learner's Book Marietjie Barnard 2013-07-11

Life Sciences, Grade 10 Annemarie Gebhardt 2012-01-05 **Study & Master Life Sciences Grade 10** has been especially developed by an experienced author team for the Curriculum and Assessment Policy Statement (CAPS). This new and easy-to-use course helps learners to master essential content and skills in Life Sciences. The comprehensive Learner's Book includes: * an expanded contents page indicating the CAPS coverage required for each strand * a mind map at the beginning of each module that gives an overview of the contents of that module * activities throughout that help develop learners' science knowledge and skills as well as Formal Assessment tasks to test their learning * a review at the end of each unit that provides for consolidation of learning * case studies that link science to real-life situations and present balanced views on sensitive issues. * 'information' boxes providing interesting additional information and 'Note' boxes that bring important information to the learner's attention **Handbook of Research on Digital Learning** Montebello, Matthew 2019-10-11 Education has gone through numerous radical changes as the digital era has transformed the way we as humans communicate, inform ourselves, purchase goods, and perform other mundane chores at home and at work. New and emerging pedagogies have enabled rapid advancements, perhaps too rapidly. It's a challenge for instructors and researchers alike to remain up to date with educational developments and unlock the full potential that technology could have on this significant profession. The *Handbook of Research on Digital Learning* is an essential reference source that explores the different challenges and opportunities that the new and transformative pedagogies have enabled. The challenges will be portrayed through a number of case studies where learners have struggled, managed, and adapted digital technologies in their effort to progress educational goals. Opportunities are revealed and displayed in the form of new methodologies, institutions scenarios, and ongoing research that seeks to optimize the use of such a medium to assist the digital learner in the future of networked education. Featuring research on topics such as mobile learning, self-directed learning, and cultural considerations, this book is ideally designed for teachers, principals, higher education faculty, deans, curriculum developers, instructional designers, educational software developers, IT specialists, students, researchers, and academicians.

WJEC/Eduqas Media Studies for A Level Year 1 and AS Christine Bell 2017-08-11 Endorsed by WJEC/Eduqas, this Student Book offers high quality support you can trust. Written by experienced Media Studies teachers and examiners, this engaging resource will encourage your students to become confident, independent learners and develop their skills as Media students.// All areas of the specification are covered and supported by numerous highly-illustrated examples taken from the set products and optional choices. // The theoretical framework underpinning media studies is explored and applied to a range of media forms and products. // A dedicated chapter on the Non-Examined Assessment element of the specification provides clear guidance on how students will be assessed. // Exam guidance sections introduce students to practice questions and the assessment objectives helping students with the skills they need for assessment. // Extension tasks will help to stretch and challenge higher ability students. // The book supports students taking Media Studies for the first time, as well as those who are progressing from GCSE.

The case studies help encourage class discussion and stimulate learning.

Resources in Education 1989-08

Things Fall Apart Chinua Achebe 2013-04-25 Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*.
