The Owner-Builder Book: Construction Bargain Strategies

The People's Republic of Walmart Leigh Phillips 2019-03-05 Since the demise of the USSR, the mantle of the largest planned economies in the world has been taken up by the likes of Walmart, Amazon and other multinational corporations For the left and the right, major multinational companies are held up as the ultimate expressions of free-market capitalism. Their remarkable success appears to vindicate the old idea that modern society is too complex to be subjected to a plan. And yet, as Leigh Phillips and Michal Rozworski argue, much of the economy of the West is centrally planned at present. Not only is planning on vast scales possible, we already have it and it works. The real question is whether planning can be democratic. Can it be transformed to work for us? An engaging, polemical romp through economic theory, computational complexity, and the history of planning, *The People ' s Republic of Walmart* revives the conversation about how society can extend democratic decision-making to all economic matters. With the advances in information technology in recent decades and the emergence of globe-straddling collective enterprises, democratic planning in the interest of all humanity is more important and closer to attainment than ever before.

Buying Guide 2007 Canadian Edition Consumer Reports 2006-11-14 In today's marketplace, there are an array of products that can be purchased and several ways to buy them. Plastic-Free Beth Terry 2015-04-21 " Tells a story that could inspire everyday behavior change for all of us. Small steps, leading to one big milestone: a planet free of plastic pollution. " —Daniella Dimitrova Russo, CEO and founder of Think Beyond Plastic™ Like many people, Beth Terry didn 't think an individual could have much impact on the environment. But while laid up after surgery, she read an article about the staggering amount of plastic polluting the oceans, and decided then and there to kick her plastic habit. In Plastic-Free, she shows you how you can too, providing personal anecdotes, stats about the environmental and health problems related to plastic, and individual solutions and tips on how to limit your plastic footprint. Presenting both beginner and advanced steps, Terry includes handy checklists and tables for easy reference, ways to get involved in larger community actions, and profiles of individuals—Plastic-Free Heroes—who have gone beyond personal solutions to create change on a larger scale. Fully updated, Plastic-Free also includes sections on letting go of eco-guilt, strategies for coping with overwhelming problems, and ways to relate to other people who aren 't as far along on the plastic-free path. Both a practical guide and the story of a personal journey from helplessness to empowerment, Plastic-Free is a must-read for those concerned about the ongoing health and happiness of themselves, their children, and the planet. " This is the tool that we 've all been waiting for to ease the transition to going plastic-free. Time to wake up. Peace. " —Rosanna Arquette, actor, Plastic Pollution Coalition member " Practical and hopeful, with a kind of cheerleading charm. " —The Washington Post

How to Fix Everything For Dummies Gary Hedstrom 2011-03-04 The fun and easy way to repair anything and everything around the house For anyone who's ever been frustrated by repair shop rip-offs, this guide shows how to troubleshoot and fix a wide range of household appliances-lamps, vacuum cleaners, washers, dryers, dishwashers, garbage disposals, blenders, radios, televisions, and even computers. Packed with step-by-step illustrations and easy-to-follow instructions, it's a must-have money-saver for the half of all homeowners who undertake do-it-yourself projects.

Dwell 2004-09 At Dwell, we're staging a minor revolution. We think that it's possible to live in a house or apartment by a bold modern architect, to own furniture and products that are exceptionally well designed, and still be a regular human being. We think that good design is an integral part of real life. And that real life has been conspicuous by its absence in most design and architecture magazines.

Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: " Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions " (Amy Chua, author of Battle Hymn of the Tiger Mother). If you 're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In Parentology, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid

and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley's sassy kids show him the limits of his profession. Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same time.

Overloaded and Underprepared Denise Pope 2015-07-27 Reduce stress and improve academic success with this research-backed framework for change Many American students are overworked, stressed-out, and still underperforming relative to their global peers. Relocating Without Breaking A Sweat: Your Handbook For A Perfect Move is your invaluable guide during these times of tension. This book covers it all: from well-written and helpful moving tips and proper ways to move locally, interstate or abroad with your children, pets or plants, including a wide range of particular personal possessions, through comprehensive practical advice on DIY Moving. Wandering how to effectively resolve an issue with your mover or how to adjust to the new environment after your relocation? You can read it all here. And much more! Its end will even make you smile and leave you optimistic about your upcoming move. Don't stay in the dark! Be well informed. Be 100% prepared. Make the smart choices. Take the reins and enjoy the leading role in this thrilling adventure. This book is being delivered to you in partnership with MyMovingReviews <http://www.mymovingreviews.com/>

The New Technology Elite Vinnie Mirchandani 2012-02-28 How-to guidance for optimizing incumbent technologies to deliver a better product and gain competitive advantage Their zip codes are far from Silicon Valley. Their SIC codes show retail, automobile or banking. But industry after industry is waking up to the opportunity of "smart" products and services for their increasingly tech-savvy customers. Traditionally technology buyers, they are learning to embed technology in their products and become technology vendors. In turn, if you analyze Apple, Google, Amazon, Facebook, Twitter and eBay, you marvel at their data centers, retail stores, application ecosystems, global supply chains, design shops. They are considered "consumer" tech but have better technology at larger scale than most enterprises. The old delineation of technology buyer and vendor is obsolete. There is a new definition for the technology elite - and you find them across industries and geographies. The 17 case studies and 4 guest columns spread through The New Technology Elite bring out the elite attributes in detail. Every organization will increasingly be benchmarked against these elite - and soon will be competing against them. Contrasts the productivity that Apple, Google and others have demonstrated in the last decade to that of the average enterprise technology group Reveals how to leverage what companies have learned from Google, Apple, Amazon.com, and Facebook to your company's advantage Designed for business practitioners, CEOs, CFOs, CIOs, technology vendors, venture capitalists, IT consultants, marketing executives, and policy makers Other titles by Vinnie Mirchandani: The New Polymath: Profiles in Compound-Technology Innovations If you're looking to encourage technology innovation, look no further. The New Technology Elite provides the building blocks your company needs to become innovative through incumbent technologies.
