Black Like Me John Howard Griffin 2006-04-01 This American classic has been corrected from the original manuscripts and indexed, featuring historic photographs and an extensive biographical afterword.

The Diversity Bargain Natasha K. Warikoo 2019-02-22 We've heard plenty from politicians and experts on affirmative action and higher education, about how universities should intervene if at all to ensure a diverse but deserving student population. But what about those for whom these issues matter the most? In this book, Natasha K. Warikoo deeply explores how students themselves think about merit and race at a uniquely pivotal moment: after they have just won the most competitive game of their lives and gained admittance to one of the world's top universities. What Warikoo uncovers—talking with both white students and students of color at Harvard, Brown, and Oxford—is absolutely illuminating; and some of it is positively shocking. As she shows, many elite white students understand the value of diversity abstractly, but they ignore the real problems that racial inequality causes and that diversity programs are meant to solve. They stand in fear of being labeled a racist, but they are quick to call foul should a diversity program appear at all to hamper their own chances for advancement. The most troubling result of this ambivalence is what she calls the “diversity bargain,” in which white students reluctantly agree with affirmative action as long as it benefits them by providing a diverse learning environment—racial diversity, in this way, is a commodity, a selling point on a brochure. And as Warikoo shows, universities play a big part in creating these situations. The way they talk about race on campus and the kinds of diversity programs they offer have a huge impact on student attitudes, shaping them either toward ambivalence or, in better cases, toward more productive and considerate understandings of racial difference. Ultimately, this book demonstrates just how slippery the notions of race, merit, and privilege can be. In doing so, it asks important questions not just about college admissions but what the elite students who have succeeded at it—who will be the world's future leaders—will do with the social inequalities of the wider world.

My Freshman Year Rebekah Nathan 2006-07-25 After fifteen years of teaching anthropology at a large university, Rebekah Nathan had become baffled by her own students. Their strange behavior—leaving meals at their desks, not completing reading assignments, remaining silent through class discussions—made her feel as if she were dealing with a completely foreign culture. So Nathan decided to do what anthropologists do when confused by a different culture: Go live with them. She enrolled as a freshman, moved into the dorm, ate in the dining hall, and took a full load of courses. And she came to understand that being a student is a pretty difficult job, too. Her discoveries about contemporary undergraduate culture are surprising and her observations are invaluable, making My Freshman Year essential reading for students, parents, faculty, and anyone interested in educational policy.

Everyday Sociology Reader Karen Sternheimer 2020-04-15 Innovative readings and blog posts show how sociology can help us understand everyday life.

The Philadelphia Negro W. E. B. Du Bois 2010-11-24 In 1897 the promising young sociologist William Edward Burghardt Du Bois (1868-1963) was given a temporary post as Assistant in Sociology at the University of Pennsylvania in order to conduct a systematic investigation of social conditions in the seventh ward of Philadelphia. The product of those studies was the first great empirical book on the Negro in American society. More than one hundred years after its original publication by the University of Pennsylvania Press, The Philadelphia Negro remains a classic work. It is the first, and perhaps still the finest, example of engaged sociological scholarship—the kind of work that, in contemplating social reality, helps to change it. In his introduction, Elijah Anderson examines how the neighborhood studied by Du Bois has changed over the years and compares the status of blacks today with their status when the book was initially published.

Cengage Advantage Books: Introduction to Sociology Henry L. Tischler 2013-02-01 Packed with current examples you can easily relate to, Tischler's INTRODUCTION TO SOCIOLOGY, 11E delivers comprehensive, up-to-date coverage in a succinct and affordable format. The author begins by equipping you with tools for success, including tips for how to read, study, and take tests more effectively. A built-in study guide and practice tests ensure thorough understanding. The text threads two basic ideas throughout: sociology is a rigorous, scientific discipline, and basic knowledge of sociology is essential for understanding social interaction in many work and social settings. With its streamlined 16 chapters, INTRODUCTION TO SOCIOLOGY, 11E delivers cutting-edge coverage that is concise yet thorough—and makes

sociology completely accessible. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Sociology D. Gelderblom 2001

Sociology For Dummies Jay Gabler 2021-02-10 Understand how society works—and how to make it better It's impossible to exist in the contemporary world without being aware that powerful social forces, ideas, and movements—#MeToo, climate change, and Black Lives Matter to name just a few—are having far-reaching impacts on how we think and live. But why are they happening? And what are their likely effects? The new edition of Sociology For Dummies gives you the tools to step back from your personal experience and study these questions objectively, testing the observable phenomena of the human world against established theories and making usable sense of the results. In a friendly, jargon-free style, sociologist and broadcaster Jay Gabler introduces you to sociology's history and basic methods, and—once you have your sociological lens adjusted—makes it clear how to survey the big questions of culture, gender, ethnicity, religion, politics, and crime with new eyes. You'll find everything you need to succeed in an introductory sociology class, as well as to apply sociological ideas to give you extra insight into your personal and professional life. Get a working knowledge of Sociology 101 Understand how human communities work Engage more deeply with debates on social justice, healthcare, and more Interpret and use sociological methods and research Whether you're studying sociology at school or just want to gain deeper insight into our collective life, Sociology For Dummies gives you the tools to understand the mechanisms of the human world—and the knowledge to influence how they work for the better.

Sociology in Our Times Diana Kendall 2016-01-01 This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, SOCIOLOGY IN OUR TIMES is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Introduction to Sociology 2e Heather Griffiths 2017-12-31 Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones
